

About Us

Shakti Architectural Products Pvt. Ltd. is India's one of the leading Manufacturer of Pressure Die Cast Zinc & Brass Components, Architectural Hardware Products, Sanitary fittings and Bathroom Accessories. It is a part of SHAKTI group of companies, established in 1982 and is ISO 9001-2015 certified company.

The company has its state-of-art manufacturing unit in Rajkot, Gujarat (INDIA). Entire manufacturing process are carried out "Under One Roof" only to exercise better control on quality. Well-equipped facilities mentioned below, impart us confidence to take up any challenge in Zinc & Brass die casting and subsequent surface finishing.

List of facilities

- | | |
|---|--|
| 1. Design & Development Centre | 5. Polishing facilities with dust collectors |
| 2. Tool Room with VMC, EDM and Wire Cut Machines | 6. Electroplating lines for different finishes |
| 3. Hot Chamber pressure die-casting machines – up to 160 Tonne capacity for brass and zinc alloy. | 7. Electrophoretic Lacquering unit |
| 4. Machining facilities with combination of SPMs & Conventional machines | 8. Spray lacquering unit |
| | 9. Laser marking facility |
| | 10. Chemical Testing Lab |
| | 11. Quality Test (i.e., Salt Spray Test, Quenching Test, Life cycle Test etc.) |

ZINC DIE CASTING

TECHNICAL DETAIL

Production Capacity	5000 Kg/Day
Product Capacity	Up to 1.2 Kg
Material	ZAMAK-3/ZAMAK-5
Material Standard Use	ASTM B-86
Machine Type	Hot Chamber Pressure Die Casting
Machine Capacity	10 Tonne TO 160 Tonne

Zinc die casting offers a broad range of excellent physical and mechanical properties including higher yield strength. It also gives a wide range of finishing options and is one of the most versatile die cast metal. Various machine sizes ranging up to 160 tons of locking force, SHAKTI can produce zinc parts from miniature to over 18” long into virtually limitless shapes and sizes. SHAKTI casts Components for industries like Hardware & Kitchen, Mechanical, Sanitary Ware & Bathroom Fittings, Automobile, Household Applications, Architectural Fittings, Electrical Fittings, Defense etc.

MORTISE LOCKS

TECHNICAL DETAIL

Production Capacity	2000 Pcs/Day
Material	SS-304,SS-202,MS,Brass,Zinc
Compliance Standard	BSEN
Life Cycle test	100000+ Cycle Tested
Roller Latch Option	50x85, 60x85 & Baby Latch Locks
